

WHAT WILL I LEARN?

We follow the English National Curriculum. Our teachers inspire our students to work hard to be the best they can be, embracing challenge with a genuine spirit of enquiry.

Success is achieved through a broad, balanced and personalised curriculum with extensive opportunities for students to pursue their own interests and develop their particular talents.

As a High Performance Learning school, we have a positive culture where students are engaged, confident in their learning and go on to study at the best universities in the world.
